## HOTELS, RESTAURANTS, ETC.

THE CLENWOOD rside, San Bernardino County, Cal

THE GLENWOOD is universally recognized as one of the best and most attractive hotels in the State. It occupies an entire block of two and one-half scress, centrally located, with pleasant surroundings in the way of fruit and ornamental trees, flowers and shrubbery. Around the building, on both floors, are broad balconies, forming fine promensdes, aggregating a quarter of a mile in length, part of which are encased with glass and trellised with vines. The sunlight reaches every room, and they are all easy of access from broad halls and balcony. Baths and closets, electric bells, and all the modern improvements to be found in a first-class hotel. Open grates and stoves afford opportunity for fires when desired. Parlors, reading room, office and dining room all on first floor, spacious, sunny and convenient.

Water Analysis.

San Francisco, September 18, 1882.

For Mr. Victor Beaudry, Los Angeles:

I have carefully snalyzed the sample of water—marked as under—sand find the following to be the proportions in every 100 parts:

[Mark of sample, Los Angeles,]

Solid residue, 29.16 grains per United States Chlorine, 2.39 grains per United States gallon Ammonia (free and combined), .085 milli-ram per litre. oid ammonia, .12 milligram per litre

injurious ingredient in abnormal quantities, and is a gona quality of water for dietetic purposes. It is free from any sewage contamination. Respectfully submitted. THOMAS PRICE, M. D. NOTICE.

To whom t may concern:

I take pleasure to lay before the public the above certificate of analysis of the water from BEAUDRY WATER WORKS

FINE BUILDING LOTS FOR SALE! .....AT..... \$100, \$200, \$300, \$400, \$500, \$600, \$700, \$806, \$900. WATER SUPPLY.

WATER SUPPLY.

These lots are supplied by the purest of water, as may be seen by the analysis published above. The present capacity of the pumping machinery is 75,000 gallons per hour, or 1,870,000 in twenty-four hours.

The source of supply is inexhaustible. During last winter I laid \$0.00 feet of 3-inch cast-fron pipe, and in a few weeks I will commence the laying of 4000 feet more of 3-inch and 12-inch pipe; also, will lay smaller sizes in considerable quantity, as they may be required.

PETER COOPER. Give honor and love forevermore To this great man good to rest; Peace on the dim Plutonian shore, Rest in the land of the blest. I reckon him greater than any man Thas ever drew sword in war; I reckon him nobler than king or clan, Braver and better by far.

And wisest he in this whole wide land Of hoarding till bent and gray; For all you can hold in your cold dead hand Is what you have given away. So, whether to wander the stars or to rest Forever hushed and dumb, He gave with a zest and he gave his best And deserves the best to come. JOAQUIN MILLEE.

NEW YORE, April 4, 1883. More Questions for the Churches To the Editor of the Times-SIR: A Church in which souls are not being saved has abdicated its functions and there the spirit of Christ dwells not. The Church is not of the world, but, according to the command of Christ, must come out from the world, and be separate. The ends of the Church are spiritual ends, and its members must be consecrated to these

Our spirit and our methods of work

Ex, light...

Comb must be according to His word, or we can expect no blessing of God. We seem to be drifting into the godless condition when the blessing of God is out of our minds altogether. The blessing of God is the pouring out of His holy spirit.

It is not a matter of doubt as to whether we have that blessing here or not. We have not. We have fine churches, some of them free from debt, but we are P without the blessing, and, therefore, the sanction of God.

Doubtless one of the main reasons for this is the methods we have allowed to come into the Church. Like the Jews in Christ's time, we have made God's house a house of merchandise, and even worse; whereas His house is a house of prayer. It is not essential that these things should take place in the church building. If the people of Christ pursue wrong methods, in ple of Christ pursue wrong methods, in the name of the church, the crime is all

Where is the difference between a raffle and a lottery? Where is the difference between tablesux and the theater? There is just as much sacrilege for the people of Christ to do these things in a hall as in the church. It is for the church and might just as well be done in and from the pulpit; being for the Church and by the Church.

the Church.

To my mind there is perfect justification for employing the coming circus of educated horses for raising money to buy Bibles for our churches, as to employ the methods that are being employed to raise money for any purpose for the church.

God and the Bible cannot sanction them, and therefore God's blessing cannot be upon the people or the preached word. It will and must kill out any spirituality that there is in the church.

will and must kill out any spirituality that there is in the church.

An index of the spiritual condition of the Church may be found in the fact that the Christian Sabbath has been abolished by the Legislature of this State. Now we have no Sabbath, and yet the Church of Christ has uttered no protest. God has said that one day is to be given to him of the seven, but the Legislature of California says on the statute book we abolish such a regulation so far as the abolish such a regulation so far as the people of this State are concerned. But even that is not so significant as that the Church of Christ should quietly acquiesce.

A Chinaman levanted from here last week with about \$150 in money and some goods. The money had been entrusted by other Chinamen for safe keeping. He was a partner in a Chinese store here. A warrant was issued by Judge Freeman for his arrest, and Constable Hickey went to Merced for him, bringing him back on Wednesday. The goods and money amounted to about \$500, which Mr. Hickey recovered. The Chinaman was arraigned before Judge Freeman on Thursday, and fined the costs, which amounted to \$170. A criminal charge would not lie, as he was partner in the store.

But little demand. Only a few men are employed. Nothing in the way of development is being attempted, and probably will not be.

In the cultivation of oranges, lemons, limes and nuts and the manufacture of raisins the Santa Ana valley cannot be excelled, and has few equals. All we ask of home-seekers is a visit to our charming valley, that they may judge for themselves of its wonderful fertility, of its unrivaled climate, of its undisputed adaptability for the growth of all the semi-tropic fruits and nuts, as well as the production of deciduous fruits ment superior to those of the East.

MISCELLANEOUS MAGNETISM—The new source of health!

Dr. Edwin Robbins, the celebrated Australian Electric and Magnetic Healer, respectfully informs the public that he has opened an office in the city of Los Augeles. Dr. Robbins discards the use of surgery, drugs, mineral-and all other medicines in his treatment, and relies solely on the power of magnetism. An experience of several years in the Australian-colonies, San Fiancisco, Sait Lake City and Denver, in which places he has treated auccessfully thousands of persons, enables him to assert, with confidence that he can cure diseases that have defied the applicati n of medical science. Magnetism is the life principle within us. The air we breathe is charged with it, it is the vital force cannanting from all persons

Department with regard to the alleged reshipment from there to the United States of Chinese sugars, with a view to securing the advantages of the reciprocity treaty between the Sandwich Islands and this country. He says that during the year 1882 only four vessels arrived at Honolulu from Chinese ports, and none of them brought or discharged Chinese sugars; but even granting that sugars could be imported or reshipped in this way, the necessary expenses in-cidental to this work, viz: lighterage to shore, trading and transporting sugars inland from one to five miles, mixing and working in with Hawaiian sugars, resacking, releading and retransporting to shore, and lighterage to vessel, would

be in excess of the evaded duties. Under all the circumstances, therefore, Mr. Daggett is firmly of the belief that sugars have not been in the ppellants; San Diego.

Teamsters Attacked by Indians

One Killed, Another Wounded. TOMBSTONE, A. T., April 16 .- A team ster in the employ of Jimmy Carr, haul ing ore from the Santa Rita Mountains, gives the details of an attack by Apaches on himself and two companions at their camp in the Santa Ritas, on the 13th. Camp had just been made, when a vol-ley was fired into them from the sur-rounding rocks. His two companions fell at the first fire, he escaping by flight, aided by the darkness. Secreting him-self he saw the Indians climb up on one of the teams and drive it off. After the departure of the savages, he returne and found one of his companions named Thornburg dead and the other severely wounded. The number of the Indians was estimated at fifteen. Thornburg was buried on the ground and the wounded man brought to Charleston, where he resides.
